

**Listing of Claims**

The following list of claims will replace all prior versions and listings of claims in the application.

1-11. (Canceled)

12. (Currently Amended) A method of treating a solid vascularized tumor in a subject in need of such treatment, comprising administering ~~eisplatin in conjunction with erythropoietin~~ prior to administration of a chemotherapeutic agent, wherein said erythropoietin is administered in an amount effective to enhance suppression of endothelial growth associated with administration of said ~~eisplatin~~ chemotherapeutic agent.

13-14. (Canceled)

15. (Currently Amended) A method according to claim 12, wherein said ~~erythropoietin~~ chemotherapeutic agent is ~~administered after said~~ cisplatin.

16-18. (Canceled)

19. (Currently Amended) A method according to claim 15 ~~[[12]]~~, wherein said cisplatin is administered intravenously.

20. (Currently Amended) A method according to claim 12, wherein said erythropoietin is administered ~~intraveneously~~ intravenously.

21. (Currently Amended) A method of treating a solid vascularized tumor in a subject in need of such treatment, comprising administering ~~eisplatin in conjunction with erythropoietin~~ prior to administration of a chemotherapeutic agent;

wherein said erythropoietin is administered in an amount of from about 750 Units per kilogram to about 2,000 Units per kilogram ~~and said subject is afflicted with a solid vascularized tumor selected from cerebellar hemangioblastoma, ductal carcinoma of the breast, or squamous cell cancer of the larynx.~~

22. (Canceled)

23. (Currently Amended) A method according to claim 21, wherein said erythropoietin chemotherapeutic agent is ~~administered concurrently with~~ cisplatin.

24. (Currently Amended) A method according to claim 23, wherein said cisplatin is administered ~~intravenously~~ intravenously.

25. (Currently Amended) A method according to claim 21 ~~[[24]]~~, wherein said erythropoietin is administered ~~intravenously~~ intravenously.

26. (Currently Amended) A method according to claim 15 ~~[[12]]~~, wherein said cisplatin is administered in a manner selected from the group consisting of intravenous, intramuscular, intraperitoneal, subcutaneous, intratumor, and intrapleural injection.

27-30. (Canceled)

31. (Currently Amended) A method of treating a solid vascularized tumor according to claim 34 ~~[[1]]~~, wherein the solid vascularized tumor is a cerebellar hemangioblastoma.

32. (Currently Amended) A method of treating a solid vascularized tumor according to claim 34 ~~[[1]]~~, wherein the solid vascularized tumor is a ductal carcinoma of the breast.

33. (Currently Amended) A method of treating a solid vascularized tumor according to claim 34 ~~[[1]]~~, wherein the solid vascularized tumor is a squamous cell cancer of the larynx.

34. (New) A method of treating a solid vascularized tumor according to claim 1, wherein said subject is afflicted with a solid vascularized tumor selected from cerebellar hemangioblastoma, ductal carcinoma of the breast or squamous cell cancer of the larynx.

35. (New) A method of treating a solid vascularized tumor according to claim 21, wherein said subject is afflicted with a solid vascularized tumor selected from cerebellar hemangioblastoma, ductal carcinoma of the breast, or squamous cell cancer of the larynx.
